SUMMARY

Passionate Full Stack Developer with expertise in the MERN stack, data structures, and algorithms. Finalist at TIAA Hackathon 2024 and a 5-star C++ coder on HackerRank. Skilled in building scalable web applications and delivering innovative solutions, with strong problem-solving and technical abilities.

EDUCATION

IT Engineering (BE) | DVVPCOE Ahmednagar **9.40 CGPA**|2025
HSC| Janata English School and jr. college Dindori **90%** |2021
SSC | K.K. Wagh Vidyabhavan Niphad, Nashik **86%** |2019

EXPERIENCE

Webstack Academy, Banglore | Full Stack Developer Intern Jun 2024 – July 2024
- Developed a full-featured food delivery app using the MERN stack, following the complete software development lifecycle from analysis to deployment.
- Designed and implemented new features based on business requirements, ensuring integration and automation within existing systems.

PROJECTS

AI-Based Stock Allocation Engine ([code](#)) Jan 2024
- Developed an AI-driven stock allocation engine using **neural networks** and **K-means clustering** to recommend optimal stocks based on user inputs like age, salary, and risk tolerance.
- Implemented this system to provide **personalized investment** advice, enhancing decision-making for users. Integrated machine learning models to analyze data and generate accurate stock predictions.
- **Tech Stack** : Python, React JS, Node JS

Resumate – The Resume Builder ([Live](#)) Mar 2024
- Created a dynamic resume builder application for making ATS friendly resume with user **authentication** and personalized content.
- **100+ users** have used this platform to create **ATS-friendly** resumes.
- Developed a modern, responsive design, integrating rich text **editing features** for a seamless user experience
- **Tech stack** : MERN

ACHIEVEMENTS

- **5-Star** (C++) Coder on HackerRank.
- **Finalist** in TIAA Hackathon 2024.
- Solved **200+** problems on LeetCode and Coding Ninjas, focusing on medium-hard DSA challenges.
- Achieved a proficient typing speed of **90 WPM.**

TECHNICAL SKILLS

Tech Stack : - C++, React.js, HTML, Tailwind CSS, JavaScript, MongoDB, MySQL, GitHub
Coursework's :- Data Structures, Object Oriented Programming , Algorithms, DBMS
Languages:- English, Hindi, Marathi

CODING PROFILES

Leetcode | **HackerRank** | **GFG**

CO- CURRICULAR INTERESTS

- **Chess:** Secured the **first**-place in the Chess competition at the Annual College Sports event
- Carrom, Volleyball
